

**LADY : TIMELESS ELEGANCE**

Paragon of traditional knowhow, fits in both modern and classic interiors. Developed to sit and to chill blissfully stretched out, to hang or lie. After a hectic workday, we look forward to the serene, tranquilizing silence. To nestle as we like, and to fully load off the tension, JORI has created Lady. Thanks to the extending seat, you can both sit comfortably and blissfully chill out, to stretch and to hang. Moreover, the sofa can instantly be transformed into a guest bed. Sitting or lying with or without cushions. Cushions easily supporting your back thanks to their ingenious construction. The corner sofa stands out because of its low streamlined look and its details displaying traditional knowhow, such as the (optional) chesterfield-stitch finish of the back. Lady integrates seamlessly into countless house types, styles and habits. The vast choice of cushions and accessories allow far-reaching individualization.

CUNO FROMMHERZ : HIGH-PROFILE DESIGN

The Swiss designer Cuno Frommherz (1963) started his own design studio as a self-taught man in 1996 in Burgdorf. Cuno Frommherz work revolves around a consideration of the aspects of space, aesthetics and perception of the individual. The consideration for "spaces in between" play a vital part here. An important basis for his creative philosophy is derived from a statement once said by the Russian-American writer Joseph Brodsky : "I can only move my fingers because there are spaces between them". He gets his inspiration from travelling to Tibet, Nepal and Morocco, but also from unspoilt nature, offering him the grateful input to give his designs that extra soothing space dimension.
