

**ESRADA : ULTIMATE SEATING COMFORT**

Just like an armchair, thanks to a generous seat, but with a striking optical appearance due to the separate seat and back. With or without armrests but always with a quilted seat for endlessly dining or meeting.

CHRISTOPHE GIRAUD : AN ACCOMPLISHED DESIGNER

As French architect, he graduated from the famed "Ecole d'Architecture de Normandie". Giraud covered the full gamut of architectural pursuits with due success: from devising public and private buildings, across designing showrooms and boardrooms right up to conceiving packagings and utensils. Architecture he describes as "aiming for balance between space and matter, between form and function".
