

**ICARUS RECLINING CHAIR : IMPERIAL COSINESS**

A tribute to the roman day bed: large, deep and surrounding, to nicely dream away. The shell form is achieved through the mechanically embracing armrests in reclining position and makes the comfort experience unique. Available in mono-move version (back and footstool adjustable in one single movement) and lounge version (fix).

CHRISTOPHE GIRAUD : AN ACCOMPLISHED DESIGNER

As French architect, he graduated from the famed "Ecole d'Architecture de Normandie". Giraud covered the full gamut of architectural pursuits with due success: from devising public and private buildings, across designing showrooms and boardrooms right up to conceiving packagings and utensils. Architecture he describes as "aiming for balance between space and matter, between form and function".
