

**LAGOM : REFINED HARMONY**

Inspired by the work of iconic Scandinavian designers and the rolling landscape of the Scandinavian coast. The undulating lines of the seat and the elegantly curved surfaces of the armrests look seamlessly perfect and nicely in proportion. The new LAGOM armchair unites in a subtle way the unique craftsmanship of JORI and the vision of the designer. Design, material and optimal seating comfort are perfectly intertwined.

HUGO DE RUITER : DESIGN WITH AN EYE FOR QUALITY

Design with an eye for quality. "I consider upholstered furniture to be like a third skin". Hugo de Ruiter (1959) is constantly searching for meaningful developments in his concepts. He frequently finds non-conformist solutions which contain distinctive functional features and a surprising design. He is inspired by nature, art, architecture and technology, but mostly, he is inspired by life itself. With more than 10 years experience in his design studio, and more than 20 years of experience as a designer he builds bridges towards new innovative and sustainable solutions.
