POCCI + DONDOLI : CITIZENS OF THE WORLD

For Pocci+Dondoli design has to express beauty, harmony and freedom, as it can not be bound by strict established rules or exist as privilege of a social or cultural elite. The research on materials and processes, conceived to achieve maximum results in quality / price terms, is one of the main activities of the studio: they privilege materials that, through sophisticated processes, acquire nobility and elegance, such as aluminum and plastic, and other noble and antique materials like leather and hide.
